Education

Occidental College (Oxy)

Major: Computer Science & Economics

Los Angeles, California

GPA: 3.8

Expected May 2027

Experience

Student Technical Support (ITS) at Occidental College

Aug. 2024 - Present

- Diagnosed and resolved a diverse range of **technical** inquiries, from **hardware** problems like printer connectivity, **network** issues like Wifi connectivity, **software** installations/ **setups** for common apps like Adobe, and **operating system** (OS) troubleshooting like system updates and setting adjustments
- Demonstrated the ability to **follow** step-by-step protocols, while also knowing when to **escalate** more complex issues to senior staff, providing **detailed** descriptions of problems encountered
- Worked closely with other ITS team members to **solve** complex problems, **share** knowledge, and **improve** overall support quality

Software Development Intern at College Match LA

May 2024 - Aug. 2024

- Developed a **web app** portal through Softr with an Airtable backend for **thousands** of CMLA alumni and college students to **network** and **reconnect** with other CMLA friends, keep up with the latest news and events, and access exclusive resources, job opportunities, and professional workshops, promoting a **user-friendly, visually appealing, and responsive** web app, playing a key role in the app's official announcement attended by over a hundred college alumni and students, organization members, and representatives from other companies like Activision, Capital Group, CareerSpring, and City Year

Student Intern at STEAM:CODERS

Aug. 2023 - Nov. 2023

- Developed an **ETL pipeline** to consolidate, sanitize, and upload data on Snowflake for **analytics**
- Gained proficiency in **data entry** with the master data frame STEAM:CODERS had in place
- Worked with multiple different data sets to **visualize** the collected data through the use of **JupyterLab** and the implementation of different **libraries** like Seaborn, Pandas, and Matplotlib
- Provided feedback on STEAM:CODERS's data analyst onboarding site, enabling new hires to become productive more quickly by offering easy access to essential information and resources

Student Participant at America on Tech Tech 360

July 2022 - Aug. 2022

- Gained crucial fundamental knowledge of key languages such as **HTML, CSS, and Bootstrap** necessary for **web development** and **design**
- Delegated responsibilities and collaboratively worked with other participants to create and present a final website to **industry professionals** working at Instagram, NBCU, and TikTok

Skills

- Strong Interpersonal Skills: Multitasking, Dependability, Adaptability, Organization, Communication
- Computer Proficient – **Microsoft** (Excel, Word, PowerPoint); **Google** (Docs, Sheets, Forms); **AI tools**
- Bilingual: **English** and **Spanish**

Interests/Activities

- Member of the Computer Science Club and the Latine Student Union at Oxy 2023 - 2026
- 2-time Students Run L.A. (SRLA) Participant/Marathon Finisher 2022 & 2023
- 4-year Cross Country and Track & Field High-School Athlete 2019 - 2023

Additional Information

- Current **peer mentor** for **first-generation**, first-year college students attending Occidental College
- Current **alumni volunteer** for SRLA, informing the LA community during running expos about the program
- Served my **low-income** community as a student election worker during two different elections in 2022
- Attended Johns Hopkins Center for Talented Youth On-Campus Summer Program 2018, 2019
